Summary

Except where noted, all fees have been administratively revised for the Consumer Price Index as of February February 2014.

Development Impact Fees (DIF) reflect fees proposed to Council in the July 1st Agenda Report on the DIF

Community Development, Public Works, and Fire Prevention development fees were adopted by City Council in November 2013, and have been adjusted for the annual change in the CPI

Recreation and Park Fees were adopted by the City Council in January 2014.

Hourly Billing Rates have been established for various positions based upon an internal fee study prepared by the City's finance staff based upon 1,600 effective working hours. In the case of Community Development, they have developed a blended overall rate for their staff.

Affordable Housing was increased by the Construction Cost index for a 2 year period from May 2013 through May 2014 at the rate of 4.9%.

No change in Library fees per Jane Chisaki.
